

NEW YEAR MESSAGE

‘Wish you all a Very Happy and Prosperous New Year – 2024.’

As 2024 dawns, I would like to wish you, your family & friends the very best in the coming year. I hope and pray for your good health, prosperity and happiness.

The year passed by gave many elements of the uncertainty and volatility we have come to expect in every sector including the agriculture in the country. I have nothing but admiration for the manner in which we, as a pioneer R & D organization, working for the farming community, has navigated towards sustainable growth. As we step into the New Year, let us commit to team work, collaboration and shared journey ahead. May the New Year bring positivity, joy & new opportunities into our professional lives.

I want to thank you for your continued commitment and effort. Every one of us has an important role to play in the work ahead and I wish that together we will achieve new mile stones. May the New Year bring cheers, happiness, prosperity and good health to you and your family.

Jai Hind

(Dr Bijender Singh)
President
